

DECK WIND

DeckWind is a subsidiary of Suvero Services, a specialised safety supplier towards the Offshore industry. Our product range are state of the art safety equipment which find their way towards Oilrigs, Windparks, Fishfarms and other structures constructed in the harsh environment of the world seas.

Our team of specialised engineers design, manufacture and trade various safety components which are used here.

Following Safety components are in our range:

- 1 Transfer Baskets, for safe transfer of staff between ships
- 2 O-Flectors, reflex markers for the offshore industry
- 3 Lifejackets, specialised life jackets for work in the offshore industry
- 4 Survival kits, for rescue and survival situations offshore
- 5 Safety Suits, like Floating , Immersion & Firesuits
- 6 Rescue Kits, like Helicopter crash & Repair kits
- 7 Fire Fighting products, like Hoses, Nozzles, Helmets, Boots
- 8 Fall protection equipment

Where needed all supplied products come with the necessary certificates of IMO, Solas & Iso and CE standards.

Flexibility and the ability to quickly anticipate situations are paramount. This attitude proves helpful to all our customers: fast and accurate delivery!!

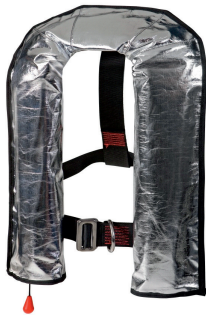

Short lines, a broad and diversified stock, flexibility and quality are the keynotes of our company.

A dynamic technical 'one stop' wholesale company in Offshore.
