# ***PFD & SOLAS SUITS*** for Offshore

In the harsh offshore climate you need the perfect Pfd's & Suits to protect one against the harsh environment. We at DeckWind cooperate with some leading makers in the Lifesaving Industry to offer our clients the best available Lifejackets, Firemansuits, Flotation or Immersionsuits available.

The products offered always comply with the regulations of Solas and have the necessary approvals as requested by notified bodies or by the local governments. In close cooperation with our partners we will quote, supply and deliver Pfd's according to the personal wishes of the crew, shipowner.

Our standard portfolio consists out of a complete range of Lifejackets, Firemansuit, Flotationsuits, Immersionsuits and drysuits.

The complete range are manufactured by A-class makers which fully understand the needs of staff working on Oilrigs, Fishfarms or in the Offshore industry.

For a detailed offer specify your demands we will work out the best possible product for your situation.

The range of Lifejackets can be seen here below which just covers just a small part of the whole range, inflatable lifejackets with fallarrest, 150, 275N, Workers jackets etc. You name it we deliver.
